A versatile anti-frizz styling lotion that adds body, shine and lasting style definition while protecting hair from heat and UV damage.

Create endless styles with Davroe Multi Styler, a lightweight, multi-purpose styling lotion expertly formulated to enhance volume, smooth frizz and protect hair from heat styling. Suitable for all hair types, this versatile formula delivers long-lasting hold, body and style retention while leaving hair soft, shiny and beautifully manageable.

Infused with nourishing Argan Oil and Shea Butter, Multi Styler helps condition and hydrate the hair whilst enhancing shine and supporting curl definition without heaviness or product build-up. Enriched with Quinoa Protein, it helps strengthen the hair fibre, reduce the appearance of breakage and improve detangling for smoother, more manageable hair.

From sleek, polished finishes to voluminous blow-dries, textured styles and defined curls, Multi Styler provides flexible styling support with a smooth, frizz-free finish.

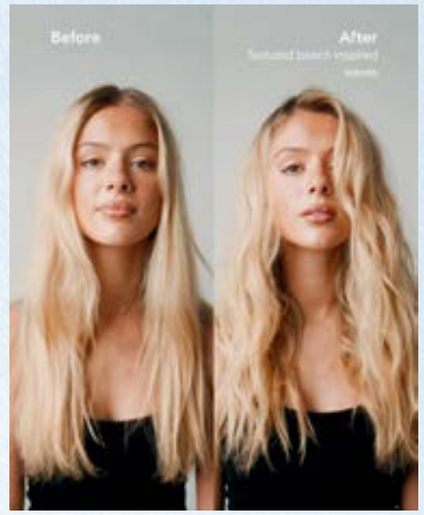

How to use:

Apply a small amount to damp or towel dried hair and distribute evenly through mid-lengths and ends. Blow dry into the hair and style as desired. Can be applied to dry hair to smooth frizz, enhance shine or refresh styles.

- **Made with natural ingredients such as Argan Oil, Shea Butter and Quinoa Protein**
- **Suitable for all hair types: curly, coily, straight, wavy, and fine hair**
- **Supports endless styling options: sleek, smooth, voluminous, textured, defined curls, blow-drys**
- **Provides UV and heat protection up to 230°C**
- **Humidity protection for long-lasting style and curl retention**
- **Naturally nourishing hair styling cream that prevents dryness and helps reduce breakage**

"This is a fantastic all-in-one product. Not only does it protect my fine hair during blow drying, it also provides all day volume. I am in love with this product as I have been hoping for a more 'one stop' product for the longest time now. Thank you for Multi Styler!"
