COLOUR STATE

A HIGH-GLOSS DEMI-PERMANENT HAIR COLOUR SYSTEM WITH GROUND-BREAKING ALKALISING FORMULATIONS, CREATED FOR OPTIMAL PERFORMANCE AND PROTECTION.

This demi-permanent gloss colour is exceptionally gentle on the hair and scalp thanks to its ammonia-free, resorcinol-free, and MEA-free formula, making it a safer and more comfortable option for colouring. Without harsh chemicals or aggressive alkalising agents, it maintains a non-aggressive pH environment that avoids excessive cuticle swelling or base shift, helping preserve the hair's natural integrity. Its creamy, conditioning blend of direct and oxidative dyes delivers even, multidimensional colour while nourishing oils hydrate and soften the hair, leaving it glossy and healthy-

looking. Combined with protective native ingredients that help colour molecules adhere to the hair shaft and resist fading, this formula offers vibrant results with minimal stress on the hair—ideal for clients seeking a truly gentle gloss colour experience.

- Gentle ammonia-free, resorcinol-free, and MEA-free formula
- Patented Alkalisising System To create a gentle, effective pH environment, ensuring no aggressive pH or base shift during application.

BOND PROTECT 9 LEVEL WHITE POWDER LIGHTENER

Bond Protect 9 Level White Powder Lightener is a gentle, scalp-safe lightener designed to deliver exceptional lift while prioritising hair and scalp comfort. Its advanced Bond Protect Technology helps minimise disulphide bond breakage, preserving the hair's structural integrity during processing, while nourishing ingredients like Isoamyl Laurate shield the hair from external stress and Creatine reinforces strength from within. This thoughtful formulation allows for up to 9 levels of lift with reduced damage, improved combability, and enhanced bond density, making it a powerful yet safe choice for lightening without compromising hair or scalp health.

- Up to 32% Less Disulphide Bond Breakage: Protect the hair's structural integrity while lifting up to 9 levels.
- Up to 55% Increased Bond Density: Enhances overall hair strength.

Formulated for creative freedom, Davroe waxes provide versatile control and lasting definition to perfect every look, from effortless texture to polished structure.

Fibre Crème

A creative, fibrous styling crème that delivers strong, flexible hold with natural shine, perfect for shaping, twisting, and sculpting effortless, gravity-defying styles.

Defining Paste

Davroe Defining Paste delivers the perfect balance of strong, long-lasting hold and pliability, allowing you to style and reshape as needed. Ideal for medium to thick hair, this paste enhances texture and definition while leaving a natural, medium shine. Enriched with Coffee Bean extract, it helps support hair repair and adds a healthy sheen without weighing hair down.

Styling Crème

Davroe Styling Crème delivers flexible yet reliable control for all hair types, leaving hair soft, natural, and touchable. Infused with Willow Bark extract, it smooths, defines, and adds volume without weighing hair down, ideal for effortless everyday styling or sleek, polished looks.

Texture Clay

Achieve natural, textured styles with Davroe Texture Clay, perfect for adding fullness, definition, and a soft matte finish to fine to medium hair. Enriched with Blackwood Wattle to strengthen and repair while styling.

Perfecting the Finish: Discover DAVROE's Styling Range

Want to elevate your styling game and unlock more creative freedom? It's no secret that Davroe has built a reputation for delivering professional results through its expertly crafted Styling ranges, offering tailored solutions for every hair type, texture, and personal style.

Featured within the 'Define' Styling range, Davroe waxes are often associated with classic men's grooming, but their versatility extends far beyond that. These high-performance products are designed for anyone who wants to create refined, fashion-forward finishes, from soft, natural texture to more defined, sculpted looks. Whether you're shaping a sleek bob, enhancing layers, or adding movement to short styles, Davroe waxes provide that final touch that brings a look together. And let's not forget one of their most-loved features: they smell incredible, leaving hair subtly scented and fresh throughout the day.

From texture-enhancing clays and fibrous cremes to curl definers, flexible gels and high-performance finishing sprays, each

product in the 'Define' range is formulated to support creative styling while strengthening and protecting the hair. Infused with carefully selected botanical ingredients such as blackwood wattle, coffee bean, willow bark, sunflower oil and quinoa proteins, the 'Define' range offers targeted solutions for shaping, defining and finishing every look, without compromising hair health.

True to the values of the Davroe, these styling products are vegan and formulated with gentle, natural ingredients. They are designed to avoid heavy build-up, allowing hair to remain clean, manageable, and easy to restyle day after day. This makes them ideal not only for everyday wear but also for professional salon use where performance and hair integrity matter most.

If you haven't yet explored the Davroe 'Define' Styling range, now is the time to experience the difference for yourself. Discover products that combine innovation, performance, and conscious formulation, and give your clients' hair the finishing touch it deserves.

DAVROE

PROFESSIONAL EXCLUSIVE. PROTECTED RETAIL PRICING

Davroe is distributed exclusively through professional salon channels with controlled pricing — meaning no mass online discounting and no race to the bottom.

In a market where clients constantly price-check at the chair, Davroe protects your retail confidence and preserves brand value.

Why this matters to you:

- Maintain healthy retail margins
- Recommend without fear of online undercutting
- Protect perceived value
- Build long-term retail loyalty

Stock with confidence. Sell with confidence.

BUILT-IN COLOUR & UV PROTECTION

Davroe's Protect Complex is infused across shampoos, conditioners, treatments and most styling products — not just a colour range add-on.

Powered by Quinoa Protein, Grape Seed Extract, Kakadu Plum, Olive Leaf Extract and Vitamin C, it:

- Locks colour into the cuticle
- Helps prevent fade
- Provides UV barrier protection
- Defends against environmental stress

In the UK market — where colour services drive revenue, this gives stylists a powerful technical story at the basin and at retail.

Protection + performance in every bottle.

VEGAN / CLEAN BEAUTY WITH SALON PERFORMANCE

Davroe was 100% vegan over 30 years ago — long before "clean beauty" became a marketing buzzword.

Formulated without sulphates or parabens and designed to be low irritant, Davroe meets modern client expectations while still delivering professional results.

Why your clients will love it:

- Vegan & cruelty-free
- Plant-based actives
- Gentle yet high-performing
- Aligns with conscious lifestyle choices

This isn't "natural but weak."
It's clean, credible and salon strong.

AUSTRALIAN / 90 YEARS OF PROFESSIONAL HERITAGE

Australian owned and made, Davroe has been dedicated exclusively to professional haircare for over 90 years and is now available in 28 countries worldwide.

This is not an influencer-start-up brand. It's a heritage manufacturer built on long-term formulation expertise and salon partnership.

What that means for you:

- Reliable supply and consistency
- Global credibility
- Professional education focus

A brand with substance — not just social media noise.

DAVROE HOT PRODUCTS

More than just styling. Davroe products are infused with their signature plant-powered protective blend, helping defend against UV damage, colour fade and environmental stress while you style. The result? Hair that looks glossy and feels healthier long after the blow-dry. ✨

The Power of Algae for Stronger, Healthier Hair

Born from the ocean, made for your hair salon.

At the heart of L'Alga haircare lies AlgaNord5™, an advanced algae-based complex inspired by nature's most resilient life forms. Harvested sustainably from the deep waters of North-West France, this proprietary blend of "super algae" draws on billions of years of oceanic evolution to deliver exceptional care for both hair and scalp.

- Improved strength ✓
- Added softness ✓
- Manageability ✓
- Smoothness ✓
- Mirror-like shine ✓
- Heat protection ✓

“What sets L'Alga apart from other products is the transformation is instant. I 100% recommend L'Alga to both professionals and at-home users looking for salon-level results.”

- Taz, Honiton

AlgaNord5™ is a powerful algae-based complex rich in minerals, omega fatty acids, vitamins and polysaccharides developed by marine plants to survive extreme environments. In haircare, these same properties strengthen, hydrate and protect hair while restructuring the fiber, smoothing the cuticle and restoring elasticity.

By boosting scalp microcirculation and delivering nutrients with enhanced penetration, AlgaNord5™ supports healthier hair density, soothes irritation and reinforces the scalp barrier. Its anti-aging action helps prevent premature greying and loss of vitality.

The result is immediate nourishment with long-term protection. Rather than simply repairing damage, AlgaNord5™ fortifies hair against future stress from heat, chemicals and environmental aggressors. Safe for sensitive scalps and colour-treated hair, it embodies clean, cruelty-free haircare powered by ocean science.

**Trusted for a decade.
Stronger than ever.**

Born from 10 years of innovation, our new improved Bonding Technology sets a new standard in colour – for strong performance and total confidence in every service.

* Refers to the first integration of Bonding Technology directly into Highlights & Lightener formulations.

Truly acidic, **demi-permanent** toning range for intense shine, Gentle formula for all types of pre-lightened hair – no lift & **no damage**. Fast yet **premium colour** results in only 10 minutes.

FOR EVERY YOU.

PREMIUM LIGHTENER: 9+
Improved formula with up to 9 levels of lift with NEW Swell-Control Technology, ensuring precise controlled results.

CLAY LIGHTENER: 8
Improved performance with up to 8 levels of lift.

Spreads easily and provides optimal precision with a unique Soft-to-Solid formula – no need for foils.

Ideal for freehand techniques and balayage looks.

The Blonde Essentials Bond Repair range provides the perfect everyday products to keep blonde hair strong and healthy. The formulas strengthen the hair by building inner hair bonds, repairing damage equivalent to two lightening services after just one use.

The Purple Toning Bond Repair range removes unwanted yellow undertones and prevents brassiness, to maintain a fresh cool tone direction for improved blonde clarity, without changing the hair colour.
